

Daniel Ortega Alcántara

AI Engineer & Technical Lead — Marketing & Automation Specialist

3437 Windsong Street, Corona, CA 92883 | +1 (951) 733-6105

danielortegaalcantara9@gmail.com | linkedin.com/in/danielortega3030 | Relocating to Mexico City

AI Engineer and Economist (UNAM) with 5+ years building production AI systems and high-conversion marketing funnels. Shipped AI receptionists, WhatsApp sales agents, automated SMB outreach platforms, and mass content distribution pipelines. Operates a **Hermes AI agent on VPS** for 24/7 operational support across services. Bilingual English–Spanish. 40 years old. Mexican national, currently in the US.

TECHNICAL SKILLS

AI & LLMs: ChatGPT 5.5, DeepSeek, prompt engineering, LangChain, multi-agent orchestration, RAG, Hermes agent operations (VPS) | **MLOps:** model monitoring, automatic fallback, prompt versioning, health checks, Telegram alerting | **Marketing & Outreach:** email outreach campaigns, social media strategy (Instagram, Facebook, TikTok), mass content distribution, audience segmentation, Meta Pixel & conversion tracking | **Content & Design:** high-end video generation, graphic design for social & web, copywriting for ads & landing pages, brand identity | **Automation:** custom webhook pipelines (n8n/Zapier equivalent), Google Sheets API, email/SMS sequencing, CRM integration | **Backend:** Node.js, Express, Python, REST APIs, Stripe, Telnx (WhatsApp API), MongoDB, Railway, PM2 (VPS) | **CI/CD:** GitHub → Vercel, zero-downtime deploys, staged environments

EXPERIENCE

Founder & Lead AI Engineer

Jan 2025 – Present

MedillaForms / LeaderForge Digital

Corona, CA

- Architected **5 specialized AI agents** (Intake, Analysis, Closer, Educator, Hermes) sharing session state via MongoDB — custom multi-agent orchestration with ChatGPT 5.5 and DeepSeek.
- Deployed **Hermes AI agent on VPS** for 24/7 operational support, monitoring, and automated task execution across all services.
- Built end-to-end marketing funnel: Meta Ads → WhatsApp AI agent → Stripe payment → automated delivery. Full Pixel tracking and conversion attribution.
- Implemented **CI/CD:** GitHub → Vercel auto-deploy + PM2 zero-downtime restarts, reducing deployment errors by 80%.

AI Engineer — Conversational AI & Marketing Automation

Jun 2024 – Jan 2025

LeaderForge Digital

Corona, CA

- Built **Sofía**, a multilingual AI receptionist handling calls, qualifying leads, and booking appointments 24/7 — deployed on Railway with 99.9% uptime.

- Executed **mass content distribution** across social media channels: video production, copywriting, scheduling, and performance analytics for client campaigns.
- Designed automation workflows equivalent to n8n/Zapier: inbound call → AI processing → SMS confirmation → CRM update.

Automation & AI Consultant

Mar 2023 – Jun 2024

Independent — SMB Outreach & Content Projects

California, USA

- Built **Welders CA Batch**: automated lead scraping → personalized demo deploy → 3-touch email outreach. Processed **32 SMBs in 3 days** with zero manual work.
- Produced **high-end video content** for client social media campaigns, including scriptwriting, editing, and platform-optimized distribution to Instagram, Facebook, and TikTok.
- Integrated Google Sheets API as lightweight CRM with real-time logging, reply tracking, and conversion dashboards for non-technical clients.

Full-Stack Developer & Tech Lead

Sep 2021 – Feb 2023

Freelance & Agency Projects

Durango, Mexico / Remote

- Led technical teams of 2–4 developers delivering web applications for Mexican SMBs across healthcare, retail, and services.
- Built custom integrations: payment gateways, WhatsApp messaging, CRM sync, analytics dashboards, and social media content scheduling.

EDUCATION

B.A. Economics — Universidad Nacional Autónoma de México (UNAM)

2003 – 2008

Specialization in AI Engineering — self-taught + production experience. Analytical rigor from economics applied to ML systems and marketing analytics.
